

## MUCH NEEDLESS SUFFERING FROM GRIP'S AFTER-EFFECTS

**Dr. Williams' Pink Pills Are a Specific**

**This Remedy Is a Powerful, Yet Perfectly Safe Tonic, Which Will Build Up the System, Strengthen the Nerves, Restore Lost Flesh and Bring Good Health**

Extreme debility, a constant sense of fatigue, headaches at the base of the skull and across the forehead, the eyes, pain in the back, deafness, hissing sounds in the head, stomach disorder, palpitation of the heart—these are symptoms that mark the after-effects of grip. And these lingering and stubborn after-effects are often worse than the disease itself. The health of the body is badly shattered and oftentimes there seems to be no way to restore it. The sufferer becomes nervous, irritable and the system is powerless to resist the attacks of such diseases as bronchitis, pneumonia and consumption.

The story told by scores of victims of the grip is substantially the same. One was tortured by terrible pains at the base of the skull that made life unendurable and that long defied the power of medicine; another was left tired, faint and in every way wrecked from anaemia or scantiness of blood; another had horrible headaches, was nervous and couldn't sleep; another was left with weak lungs, difficulty in breathing and acute neuralgia. In every case relief was sought in vain until the great blood-builder and nerve tonic, Dr. Williams' Pink Pills was used.

### Could Hardly Stand.

Mrs. Jennie Cowan, of 718 N. Henry street, West Bay, Mich., says: "I caught cold, which ran into the grip. I was confined to my bed for two weeks. At the end of that time I was able to be about, but was completely run down. I was so weak I could hardly stand, my cheeks had no color and I felt faint. My heart would flutter and it was difficult for me to breathe at times. Neuralgia settled in the back of my head and stomach and I suffered from rheumatism in my shoulders."

"I had the care of the best doctor in town but became no better until a friend told me one day how she had been cured by Dr. Williams' Pink Pills and I decided to try them. I soon felt better and continued using them until I was entirely cured. They built me up again to perfect health."

Mrs. Laura M. Van Scoy, of 20 Thorpe street, Danbury, Conn., says: "I had a severe attack of grip and was in a badly run-down state. At last I had to give up completely and for three weeks I was obliged to keep my bed. Then pains began to threaten my heart and thoroughly alarmed me. While I was suffering in this

shaped like a sunfish. In hunting a razorback it is always shot at sideways, for there is not a ghost of a show to hit it otherwise, any more than to shoot at a split shingle. It can drink milk out of a quart jar on account of its long, thin head. This type of razorback is known as the stone hog because its head is so heavy and its nose so long that it balances up behind. The owner of this type of hogs usually ties a stone to its tail to keep it from overbalancing and breaking its neck while running. If the stone is too heavy, it will pull the skin over its eyes, and will go blind.

## LOCAL HOP BUSINESS

**Prices Practically Unchanged  
—Business Quiet—A Few  
Local Sales**

The hop situation is still in the indifferent condition. Dealers are not disposed to advance the present prices and there seems to be no apparent necessity on the part of the growers to sell. There has been a few local sales reported. William Brown & Company bought the Massey and Ruggles lot of 327 bales at 10 1/2 cents. Lachmund & Pineus purchased the John Kirk lot, at St. Paul, 150 bales, at 10c, also the Gilbert & Patterson 345-bale lot at Eola, reported prime, for 10 1/2 cents. The McKay lot of 200 bales, at St. Paul, is reported to be sold at 10c. The Wilson 64-bale lot, at Aurora, is said to have been sold for 8 cents. It is reported that the Ella Finney lot of 163 bales, at Brooks, has been rejected by Carmichael who has bought the McKay lot of 250 bales, also the John McKay lot of 143 bales.

Lachmund is said to have purchased 1000 bales near Independence, at 9 1/2 c., the Cooper & Byars lot, also the George Rose lot of 500 bales.

### New York Report.

(Wednesday's New York Tribune.) Receipts for the week, 2312 bales; exports 790 bales. Considerable speculative movement has been reported on the Pacific coast, with sales in Oregon at 10@12 1/2 cents, and in Sonoma county, California at 10@10 1/4 cents, but the bulk at 10 cents. Poorer grades of coast hops greatly neglected, and in this state there have been some sales at 18@19 cents, but holders of remaining lots are showing increased anxiety to sell, and it is probable that desirable hops could be secured at 17 cents. On the local market trading has ruled very slow, with little if any demand from the brewers. We quote:

## A Reliable Medicine

Why Our Local Druggists, G. W. Putman, Recommend Vinol.

So many patent medicines and advertised cures are now offered to the public that our readers will be glad to know the opinion of a man who has spent years in handling them, and profit by his advice.

Said a member of the G. W. Putman Co.: "There is no one medicine that will cure everything, but this I do know, that if the people of Salem only realized the wonderful curative and strength creating power of Vinol I would not have clerks enough in my store to put up the orders for it."

"You see, Vinol is not a patent medicine, and it actually does contain every one of the fifty odd medicinal curatives actually taken from fresh cods' livers, with the useless oil eliminated and tonic iron added. It contains no poisonous drugs, and you know just what you are taking."

"There, in the strongest manner I endorse and recommend Vinol to increase the appetite, cure stomach troubles, give strength to the run down, tried and debilitated, invigorate and build up old people, make rich red blood, cure chronic coughs, colds and bronchitis. If it fails we return your money." G. W. Putman Co., druggists.

Note.—While we are sole agents for Vinol in Salem, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

### Sportsman's Show.

New York, March 1.—The 17th annual Sportsman's show was opened in the Madison Square garden today and is, perhaps, the most interesting of its kind ever held in the United States. It is being held under the auspices of the National Sportsman's association and is strictly a show for sportsmen with the side shows eliminated. The general plan of the show has been improved since last year as a result of the combined suggestions of scores of the most noted sportsmen in the country who know all about sports and the features that interest sportsmen. Special features have been added and new faces from newly developed hunting grounds in all sections of the United States, Canada and Labrador can be seen. Each camp is built

in the garden as it is in its native field and the guides at each camp are those whom hunters meet each year, and who are perfect mines of information about their own territory. The knowledge of the guides and their willingness to impart it cheerfully to visitors is an interesting and important feature that enables visitors to the show to gain an accurate knowledge of virtually all parts of the country that could not otherwise be gained except through a personal visit. Canada, Wyoming, Nova Scotia, Texas, Maine, California, Kentucky, Mexico and Labrador are among the sections represented by white and red hunters. The railroads in the country that tap the hunting sections have an interesting exhibit of trophies and firearms which are of particular interest to visitors. Live game from many sections give the garden an outdoor atmosphere that is very pleasing. The great garden has been transformed from a common exhibition hall to a veritable panorama of sporting life with its decorations of Balsam firs, its log cabins, tents, Indian teepees and camp fires. Besides the game there is a wonder exhibit of tarpon from Florida, a large tank filled with the treasures of the New York aquarium and exhibits from the New York zoological garden. In the center of the garden there is a great lake with an island in the middle. The fly and bait casting contests will be held on the island and interesting and instructive demonstrations of the best way to manipulate the rod under all conditions will be given. There will be rifle and revolver contests each day. The show will remain open until the night of the 9th.
